Casablanca, Morocco

FULL-STACK DEVELOPER

I am a dedicated Full-Stack Developer with extensive experience in building robust web applications using Django for backend development and Wagtail CMS for frontend content management. My skill set includes proficiency in modern frontend frameworks such as React, React Native, and Vue.js, allowing me to create dynamic and responsive user interfaces. With a strong background in both server-side and client-side technologies, I excel in delivering end-to-end solutions that are efficient, scalable, and user-friendly. My commitment to continuous learning and staying updated with industry trends ensures that I bring the latest best practices to every project I undertake.

STRENGTHS AND EXPERTISE

Front-end:	Back-end:	CMS:	Databases:
Reactjs	Django	Wagatail	Postgres
React Native	Laravel	Wordpress	Docker
			Laragon

PROFESSIONAL EXPERIENCE

YANVISION SARL   **February 2024 - Current**

Junior Full Stack Developer

Accomplishments:

- Promoted from intern to Junior Full Stack Developer due to demonstrated skills and contributions during the internship.
- Continued to develop and maintain web applications with a focus on scalable and efficient code.
- Designed responsive and dynamic front-end components using Alpine.js, Unpoly, and Quasar.

YANVISION SARL   **August 2023 - January 2024**

Full Stack Development Intern

Accomplishments:

- Contributed to innovative projects using technologies such as Python, Django, Wagtail, Django Rest Framework, Quasar, Alpine.js, Unpoly, and PostgreSQL.
- Played an integral role in developing and enhancing web applications by implementing robust server-side features with Django and Wagtail.
- Designed responsive and dynamic front-end components using Alpine.js, Unpoly, and Quasar.
- Ensured efficient database operations and interactions with PostgreSQL, enhancing application performance and reliability.
